

Moss Hey Visioning Strategy 2015-2018

Our visioning strategy is a guidance tool for our school. Our vision and mission work together to give our team a shared purpose and understanding of what we're working towards.

Our Vision

Through the magic that is Moss Hey, we will make learning an adventure for all our children. We will create a foundation that empowers every child, so they rise to every challenge, so they embrace every opportunity, and so they live their life with confidence, happiness and resilience. As a result, we will be the first choice school in the community.

Our Mission

We will harness a thriving teaching and learning environment, where we strive for nothing short of excellence in everything we do. We will positively encourage individuals to develop:

- Enthusiastic learners, who are determined to be the very best they can be.
- Confident learners, who have self-respect, who feel secure, safe and who have a positive sense of well-being.
- Responsible learners, who understand their role within school, and understand that what they say and how they behave will impact on others.
- Willing, eager and enthusiastic learners, who contribute and get involved to make a difference to their school and community.

Our Values

At Moss Hey, our Golden Thread of values underpins absolutely everything we do. They reflect what Moss Hey stands for and underlie the behaviour of everyone at our school.

Respect: we have self-respect and respect each other as individuals.

Tolerance: we are tolerant of each other at all times.

Kindness: we show kindness at every opportunity.

Friendship: we're thankful and appreciative of our friendships every day.

Happiness: we always approach school life with happiness and a positive attitude.

Strategic Objectives

We will achieve our vision and mission by working across three main areas with overarching objectives.

Teaching and Learning

- To consistently deliver high quality lessons that engage, enthuse and challenge.
- To develop a curriculum for excellence which is ambitious, aspirational, relevant and varied.

Safeguarding and Wellbeing

- To create an environment where our children are safe and secure at all times, and where all adults fully understand the role that they play in safeguarding our children.
- To foster high expectations for positive behaviour with consistent and clear boundaries for interaction with others.

Leadership and Management

- To understand clearly the strengths and the areas for development of the school, action planning accordingly, and regular monitoring and evaluation.
- To ensure the governing body is fully involved in and informed about all aspects of the school.
- To exercise prudence in order to strengthen the school's financial position, so that funding is available for key areas of development.
- To deliver a clear and concise marketing plan that raises the school's profile in the wider community and increases understanding around the magic of Moss Hey.
