

## **Moss Hey Visioning Strategy 2015-2018**

*Our visioning strategy is a guidance tool for our school. Our vision and mission work together to give our team a shared purpose and understanding of what we're working towards.*

### **Our Vision**

To be the first choice school in our community, by making learning an adventure for all our children, and creating a foundation that empowers every child, to rise to every challenge, to embrace every opportunity and to live their life with confidence, happiness and resilience.

### **Our Mission**

We will harness a thriving teaching and learning environment, where we strive for nothing short of excellence in everything we do. We will play to the strengths of the individual to develop:

- Enthusiastic learners, who are determined to be the very best they can be.
- Confident learners, who have self-respect, who feel secure, safe and who have a positive sense of well-being.
- Responsible learners, who understand their role within school, and understand that what they say and how they behave will impact on others.
- Willing learners, who contribute and get involved to make a difference to their school and community.

### **Our Values**

*At Moss Hey, our Golden Thread of values underpin absolutely everything we do. They reflect what Moss Hey stands for and underlie the behaviour of everyone at our school.*

**Respect:** we have self-respect and respect each other as individuals.

**Tolerance:** we are tolerant of each other at all times.

**Kindness:** we show kindness at every opportunity.

**Friendship:** we're thankful and appreciative of our friendships everyday.

**Happiness:** we always approach school life with happiness and a positive attitude.

### **Strategic Objectives**

*We will achieve our vision and mission by working across three main areas with overarching objectives.*

#### **Teaching and Learning**

- To consistently deliver high quality lessons that engage, enthuse and challenge.
- To develop a curriculum for excellence, which is ambitious, aspirational, relevant, and varied.

#### **Safeguarding and Wellbeing**

- To create an environment where our children are safe and secure at all times, and where all adults fully understand the role that they play in safeguarding our children.
- To instil high expectations for positive behaviour with consistent and clear boundaries for interaction with others.

#### **Leadership and Management**

- To understand clearly the strengths and the weaknesses of the school, action planning accordingly, and regular monitoring and evaluation.
- To ensure the governing body is fully involved in and informed about all aspects of the school.
- To exercise prudence in order to strengthen the school's financial position, so that funding is available for key areas of development.
- To deliver a clear and concise marketing plan that raises the school's profile in the wider community and increases understanding around the magic of Moss Hey.
